0 of 0 review helpful Great publication By Lyle E Browning This publication saves hundreds of hours of research in

order to get started in this micro niche of history Great publication Overall this first volume in the series should render business research in manufacturing a good deal easier by bringing together insightful industry histories and detailed critical bibliographies This series has much to recommend it Future volumes will be eagerly awaited Reference Books Bulletin This historical and bibliographical reference work is the first volume of Greenwood Press s Handbook of American Bus A collection of historical and bibliographical essays on American industry as defined by the Standard Industrial Classification Code After an introductory chapter on US business history in general the present volume treats manufacturing only No indication
