6 of 6 review helpful What a jewel By Pat C Ames This book is not like Field s McKee s or any of the zillion others that take you through the basics of screenwriting It assumes you know most of the basics and concentrates instead on polishing and professionalizing your script and does so with a sense of humor that s wonderfully refreshing I was exceedingly fortunate to have had DB serve as a consultant on one o If you ve ever dreamed of writing a screenplay The Screenwriter Within is the book for you Insightful inspirational and wildly irreverent it takes you through all the stages of the writing process using references to hit movies and the author s personal experience to show you how to Turn everyday events into big screen successes Find the best stories to turn into screenplays Develop strong characters Write compelling dialogue Find your niche Clever concise educational and entertaining A must for every young writer and some of us older ones too Richard Wesley screenwriter Native Son No book can teach you how to become passionate about screenwriting No other book can better help
