0 of 0 review helpful Best book in English that I've found on Olympe de Gouges By Brenna Sage This book is fantastic Her point is interestingly and well made that more can be learned about Olympe de Gouges from her writings than I realized in the past I've been looking for biographical information on OdG for ages and this is a great source Olympe de Gouges has been called illiterate immoral and insane while being mentioned solely for her Declaration of the Rights of Woman and the female Citizen This book uncovers her radical views of the self the family and the state and accounts for her vision of increasing female agency and decreasing the entitlements of aristocratic males About the Author Carol L Sherman is Professor of French in the Department of Romance Languages and Literatures at the University of North Carolina at Chapel Hill USA
