By Acie Cargill : Einstein: A Biographical Play albert einstein 14 march 1879 18 april 1955 was a german born theoretical physicist einstein developed the theory of relativity one of the two pillars of einstein right with friends conrad habicht and maurice solovine ca 1903 Einstein: A Biographical Play:

You might say this is a short biography in play form Most of us really can rsquo t identify with his scientific thought or with his celebrity scientist lifestyle And also his frustrations They used to say that when a person went on an LSD trip they never came back completely to being the same person that they were before the trip I think the Einstein effect is similar He had channels into a special section of his brain that allowed super observant powers but
